Jeffrey S. Polenske
City Engineer

DATE: November 13, 2015

TO: Residents of the City of Milwaukee

SUBJECT: Public Involvement Meeting
Project I.D. 2265-04-77
North 27th Street
West Highland Boulevard to
West Lisbon Avenue

Dear Property Owner:

The City of Milwaukee Department of Public Works (DPW) is inviting you to attend a Public Involvement Meeting where information will be provided regarding the proposed improvements of North 27th Street between West Highland Boulevard and West Lisbon Avenue. The project is tentatively scheduled for construction in 2016.

The meeting will be held on Monday, November 23rd from 6:00 PM to 8:00 PM at Westside Academy I which is located at 1900 North 31st Street. The meeting will follow an informal open house format with representatives from the City of Milwaukee Department of Public Works in attendance to answer questions.

The proposed improvement consists of resurfacing the roadway with asphalt pavement. Sidewalk, curb & gutter, and driveway approaches will be replaced as necessary due to poor condition or grade differential. The roadway width will remain 36 feet wide on both sides of the 28-foot wide median. The proposed roadways will continue to provide two driving lanes, one bicycle lane, and one parking lane in each direction.

As required by the Section 106 process indicated in the Wisconsin Department of Transportation (WisDOT) Facilities Development Manual for archeological/historical review, this notice is to also serve as formal notification for this project to persons with a concern for or knowledge about historic buildings, structures, and archeological sites located along the project. Such persons are encouraged to attend this meeting or provide comments to the City of Milwaukee.

It is very important that we receive public input on the proposed project as it will be directly impacting businesses and residents in the area. Input that is received at the Public Involvement Meeting will assist in completing the proposed design and to answer any questions that the public may have.

If you would like additional information regarding the project, please contact Mr. Samuel Medhin at (414) 286-0474 (office); (414) 286-3693 (fax); or email: samuel.medhin@milwaukee.gov.

Sincerely,

Jeffrey S. Polenske, P.E.
City Engineer
