## Common Council Members Request Public's Help In Catching Rapist

The news release issued earlier this afternoon by members of the Common Council urging the public to help Milwaukee police apprehend a man believed responsible in a series of sexual assaults in the central city contained a wrong phone number for tips and information.

The correct Milwaukee police phone number for tips on the sexual assaults is **935-7402**, the Sensitive Crimes Division.

We regret any confusion the error might have caused.
