

Redevelopment Authority of the City of Milwaukee

Resolution No.: 10165
Adopted on: December 15, 2009
Project Area: Contract

Resolution authorizing an amendment to a contract between the Redevelopment Authority and Precision Consulting for the maintenance of various databases.

Whereas, the Redevelopment Authority and the Department of City Development has over 20 custom databases and applications that need to be maintained and serviced; and

Whereas, the Authority does not possess the capacity to maintain and periodically upgrade each of these systems in-house; and

Whereas, the management of the Authority has determined that contracting for system maintenance and service with Precision Consulting is the most efficient way to receive this service; and

Whereas, Resolution No. 10080 adopted on March 19, 2009 awarded a contract to Precision Consulting in an amount not to exceed \$75,000 for system maintenance and service; and

Whereas, Precision Consulting has been employed in the capacity of database creation and management for the Department of City Development and the Board of Zoning Appeals for 10 years; and

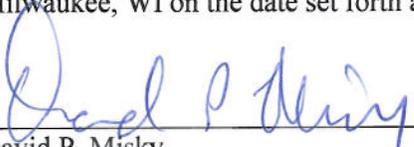

Whereas, Precision Consulting was responsible for the creation of the databases and user interfaces that will be serviced including the e-permits system, an environmental database, and project tracking database which makes them uniquely able to offer their services to the Authority; now, therefore, be it

Resolved, That the proper officers of the Authority are authorized and directed to enter into an amended contract with Precision Consulting for the maintenance of RACM's and DCD's databases and custom applications.

CERTIFICATION

I certify that the forgoing is a true and exact copy of a resolution adopted by the Redevelopment Authority of the City of Milwaukee, WI on the date set forth above.
