

Department of City Development, City of Milwaukee

Request for Proposal #57336
General Contracting Services
Housing Infrastructure Preservation (HIP)

Addendum #1
March 16, 2012

THIS ADDENDUM TO THE SPECIFICATION IS ISSUED TO MODIFY, CLARIFY OR CORRECT THE ORIGINAL DOCUMENTS AND IS HEREBY MADE A PART OF SAID DOCUMENTS.

Attached please find the drawing for the porch that was referenced in the Scope of Work.

Questions received and Answers given:

Question 1: Does the RPP% relate to the MWSBE %?

Answer 1: No. The 40% RPP participation requires that 40% of the total worker hours be performed by RPP certified workers, as defined in the original bid documents.

Question 2: In reference to the materials being used for the front porch, is there a particular material that you want us to use per item? For example slats, stringers, spindles, framing, skirt framing?

Answer 2: DCD is looking for a porch rebuild similar to the porches of the city owned properties located at 2808 West Wells street and 2812 West Wells Street.

Please notes: A second Addendum may be posted on Monday, March 19, 2012. This addendum would be posted on this same Department of City Development website:
