Project Description

This district was created to revitalize the North Avenue commercial district from North 31st Street to North Sherman Boulevard. The project is anchored by the Todd Wehr Metcalf Park Community Center and the \$4.8 million Jewel/Osco (now Pick ‘n Save) store on North 35th Street. The project plan, as amended, provides \$1,035,000 for street lighting and pedestrian public improvements, and \$1,100,000 for business development grants or loans to encourage investment in vacant commercial storefronts. The public improvements, including harp lighting and pedestrian corner bump-outs, were completed in 2009.

Since its inception, 13 business development grants/loans totaling \$984,387 have been awarded to projects within the district. This funding complemented approximately \$23,181,685 million of private investment. Although additional funds are available, no business development loans were awarded in 2012 or 2013.

In 2011, the Business Improvement District (BID) and community stakeholders met with Department of City Development (DCD) and Public Works (DPW) staff to discuss additional infrastructure needs that were not completed with the initial streetscape work. As a result, electrical outlet work was planned for and completed in 2012.

In 2013, a review of the project plan was reviewed in its entirety and it was determined that the district had fully recovered its costs. In early 2014, the Common Council adopted the second amendment to this district providing \$550,000 for paving projects located within one-half mile of the district boundary.
