Project description

This district encompasses the 14-acre site at North 27th Street and West North Avenue where Steeltech Manufacturing, Inc. originally constructed an 186,000 square foot steel fabricating and painting facility. Approximately \$1.6 million of tax increment funding was provided for site assembly, environmental clean-up and adjacent street improvements.

Following Steeltech's bankruptcy, Capitol Stampings Corporation acquired the facility in January 2001. Capitol invested approximately \$10 million in the purchase, renovation and equipping of the property, and moved into the facility in July 2001.

Capitol subsequently declared bankruptcy in 2005 and was acquired by Steel Craft Corporation of Hartford, WI, which continues to operate Capitol as a subsidiary at this location. Current employment is approximately 100 employees.

District incremental values have changed as follows:

Identify any significant concerns that might affect budget or schedule of this project in the future:

With the recent increase in tax incremental revenue from this district, the TID is likely to pay off in 2106, two years before its statutory termination. If revenues decline in the future, a donation from another district may be needed to insure solvency.
