

12th Annual
MAYOR'S
 DESIGN
AWARDS

1934 N 2nd Street

Brewers Hill Historic District
 1934 N 2nd Street

Owner Mark Wolbrink and his brother's design firm, Wolbrink Architects Chartered, took one of the classic house types in Brewers Hill and returned it to its former elegance. The property had been converted into a rooming house in 1942 and its front façade altered to accommodate a second entrance. Wolbrink was able to return the house back into a single family residence, recreating the front windows from surviving examples and returning the front porch to its original footprint. This project illustrates that research and a commitment to excellence can result in an outstanding residential restoration that is an inspiration for the entire neighborhood.
