Agenda**

**Zoning – Public Hearing 1:30 PM**

1. File No. 120299. An ordinance relating to zoning regulations for off-premise electronic and tri-vision automatic changeable message signs. Currently, the zoning code's regulations for automatic changeable message signs contain special provisions for off-premise electronic and tri-vision automatic changeable message signs. Included is a provision allowing the display area of an off-premise sign, other than a time and temperature display, to be changed not more frequently than once every 8 seconds (the standard for other automatic changeable message signs is 30 seconds). Under Common Council Files 070548 and 111382, the special provisions for off-premise automatic changeable message signs are null and void after September 30, 2012. This ordinance repeals the null-and-void clause, thereby making the special provisions permanent.
