### TELL US HOW THIS INTERSECTION COULD BE IMPROVED!

Please join Mayor Barrett at an informal public meeting to discuss options for the intersection of Lisbon Avenue and the Stadium Freeway (WIS 175). Based on input received so far, we have developed 3D images for all options that received significant public support.

The goal of this study is to improve connections between neighborhoods, improve safety for both vehicles and pedestrians, maintain traffic flow, and support commercial revitalization along North and Lisbon Avenues.

We will also be discussing shorter-term interim options for the vacant lot between the on and off ramps.
