RE-SCHEDULED:
City of Milwaukee Green Team's Air and Natural Resources Meeting

The public is invited to attend the City of Milwaukee Green Team Environment Work Group's *re-scheduled* Air & Natural Resources issues meeting. Join the dialogue on how to incorporate air and natural resources, plus water and solid waste/recycling issues, into the City's Community Sustainability Plan.

Who: Milwaukee Green Team Environment Work Group

What: Air & Natural Resources Issues Meeting

When: Thursday, February 21, 2013
5:30 - 7:00 p.m.

Where: Washington Park Senior Center – *Note new location!*
4420 W. Vliet St.

Please RSVP to Kimberly Kujoth at (414) 286-5453 or kimberly.kujoth@milwaukee.gov. Should you be unable to attend, but are interested in being involved, please forward your contact information to Ms. Kujoth.

About the Green Team:

The Milwaukee Green Team was reconvened by Milwaukee Mayor Tom Barrett in 2012. The team is charged with developing a sustainability plan to create an alignment of economic and environmental interests that improve Milwaukee's quality of life, benefiting residents, businesses, and our natural environment by embracing smart, achievable sustainability principles. The goal of the team is to establish Milwaukee as the Fresh Coast capitol of North America.

Green Team Environment Work Group Meeting
Add/1
February 15, 2013

The Environment Work Group is one of six working groups that make up the Green Team:

- Environment
- Land/Buildings
- Transit/Transportation
- Food System
- Energy, and
- Human Capital

Each group will address the major issues identified by residents as important to Milwaukee's sustainability, and will establish goals and target actions for its particular issue. The public is encouraged to participate in this process, with the end result being a chapter of Milwaukee's sustainability plan that will be presented to the public for final input and feedback. The target for a completed sustainability plan is Summer 2013.
