The Passing of Ald. Joe Dudzik

Statement of Department of Public Works Commissioner Ghassan Korban

The Department of Public Works is deeply saddened at the passing of our friend and colleague Ald. Joe Dudzik.

Ald. Dudzik served the City of Milwaukee first as a dedicated DPW staff member for 20 years. He held positions in our Street Maintenance division and was promoted several times during his tenure.

After his election to Alderman of the 11th District, DPW staff worked closely with him on many projects and service requests. We appreciated his leadership on the Common Council and his commitment to serving his constituents in his district as well as all City residents.

Joe Dudzik will be missed, and we offer our deepest sympathies to his wife Lynn, his sons Jake and Jeffrey, his extended family and to his many friends.
