Milwaukee Streetcar Event for Disadvantaged Business Enterprises (DBE) Scheduled for Tuesday, September 25

WHAT: More than 90 local business owners will attend an informational session for the Milwaukee Streetcar project. Participants will learn more about the project and how it will benefit the local disadvantaged business enterprises (DBE) and their employees. Attendees will also provide input on the local capacity of DBE contractors and vendors to help set goals for participation in the Streetcar design, construction, and operations phases of the project.

The DBE goal-setting process is a requirement of the Federal Transportation Authority (FTA), the primary funding source for the Streetcar, as well as the utilization of the DBE designation for participation purposes.

This meeting is strictly related to the DBE contract goal-setting process.
