City of Milwaukee New Year-Round Garbage Cart Set-Out Guides To Be Distributed the Week of January 13

Year round garbage cart set-out begins Monday, January 27, 2014

The City of Milwaukee Department of Public Works (DPW) will place new year-round garbage cart set-out guides/tags on garbage carts beginning Monday, January 13, 2014. The tags will include information about the program and a schedule of pick-up days through April 4. The program begins Monday, January 27.

A sample cart tag is attached for reference.

ABOUT THE PROGRAM: Beginning January 27, residents with curb collection must place their garbage carts at the curb by 7:00 a.m. on their designated collection day, just as they do in spring, summer and fall. The carts must be returned to the storage location by 10:00 p.m. the same day.

Residents with alley collection are not impacted by this program as their carts are stored and collected at the alley line.

Garbage collection that is cancelled due to adverse winter weather will be made up on the next work day. Residents should leave their carts at the curb collection point until they are emptied. The regular collection schedule will resume the next week as printed on the cart tag.

For example, if garbage collection is suspended on a Monday pick-up day due to snow, residents should leave their cart at the curb until garbage is collected on Tuesday. Next week, the regular Monday pick-up schedule resumes.

This updated winter schedule is in effect January 27 to April 4. A new schedule for the remainder of 2014 will be issued in late March.

Residents can look up their next scheduled collection dates online at www.city.milwaukee.gov/mpw or call 414.286.CITY (2489) for more information.

DPW continues to encourage all residents to shovel a path to and around all carts to help ensure that there are no service delivery disruptions on collection days.
