Juneau Avenue Bridge to Open to Traffic November 14 at 5:00 p.m.
Ribbon cutting ceremony postponed

The Juneau Avenue bridge will be open to vehicular and pedestrian traffic today at 5:00 p.m.

Department of Public Works officials were notified by the contractor that the hydraulics that cause the bridge to open and close were not working properly. This does not affect the safety of the bridge, and motorists, bicyclists, and pedestrians are encouraged to begin using it today during afternoon drive.

City engineers, the state Department of Transportation, and the contractor are working on the mechanicals to help ensure that the bridge will work properly to accommodate river traffic.

A new ribbon cutting ceremony date and time have not yet been scheduled.
