North Teutonia Avenue - West Capitol Drive to West Ruby Avenue

The North Teutonia Avenue construction project from West Capitol Drive to West Ruby Avenue began in July. The project includes:

- Replacing the existing pavement with new concrete pavement
- Widening the roadways to include a bicycle lane in each direction
- New curbs, gutters, and driveway approaches
- Sidewalk replacements as necessary due to grade and condition

Phase 1 of the construction schedule has been revised. The boundaries of Phase 1 are the west side of North Teutonia Avenue from Capitol Drive to just north of West Atkinson Avenue.

This phase includes the removal of the pavement, curbs, gutters and sidewalk. While the roadway is removed, utility work will be done to upgrade the street lighting and traffic signals.

DPW staff will continue to work with businesses and residents to address construction-related issues. We encourage your involvement and ideas. Please contact Cecilia Gilbert, Support for Business Liaison, at 414-286-3318. She will work with DPW staff and the contractor to help alleviate your concerns.

Future construction updates will be provided as progress is made.

The west side of North Teutonia Avenue, including the curb, gutters and sidewalk, has been removed from West Capitol Drive through the intersection of West Atkinson Avenue.

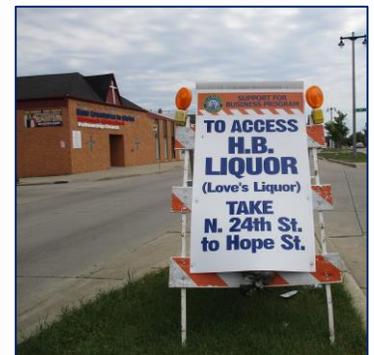

Lena's Market sign at the only entrance to the store.

Directional signage for one of the four parking lots owned by Astronautics Corporation in the area.

Directional signs for other businesses that have lost access on North Teutonia Avenue.
