

PUBLIC NOTICE

The City of Milwaukee is developing plans for the rehabilitation of the St. Paul Avenue vertical lift bridge over the Milwaukee River. Community input is important to the planning process.

The public is invited to attend an Open House to view and provide feedback on preliminary plans for the bridge rehabilitation including conceptual drawings for the bridge house improvements and other architectural enhancements. A proposed design and construction schedule will also be presented. Representatives from the City of Milwaukee and Bloom Companies, LLC, the engineering firm leading the design effort, will be available to discuss the plans, receive feedback and answer questions.
