Commercial Me² Contractor Informational Sessions

Grow your energy efficiency business with Me²!

In this tough economy, the upfront cost of energy saving projects often stops prospective customers from completing work. The Milwaukee Energy Efficiency Program, Me², can help alleviate that! Me² has affordable financing options available for projects completed by approved contractors. Me² helps your customers pay for energy efficiency improvements while they save on their energy bills, often with no-money down.

Me² is looking for commercial energy efficiency contractors to sell and install energy efficiency projects to participating City of Milwaukee building owners. To be approved for the program, contractors must agree to the terms of a Request for Qualifications (RFQ) for contractors. This pre-qualification process will identify contractors with licenses, training, insurance, professional skills, and labor standards required to provide energy efficiency improvement services to participating building owners within the City's geographic limits.

To learn more about Me² attend our
Contractor Informational Session on Friday, August 12th at:

WECC
234 W. Florida St., Suite 302, Milwaukee, WI 53204

Session #1: 8:30 a.m. – 10:30 a.m.

Session #2: 1:00 p.m. – 3:00 p.m.

Please RSVP to Doug Dettlaff at ddettlaff@weccusa.org or 800-969-9322 x321.
Be sure to let Doug know which session you plan to attend.
