

2010 Proposed Budget
Economic Development Highlights
September 28, 2009

Milwaukee County Works - the accelerated building program in my 2010 county budget - will provide \$395 million to the capital improvements program. This will fund more than 100 projects that will provide more than 1,000 jobs – all at a time when we need jobs the most in this community.

Just so it is clear: our accelerated building program - through the use of Build America bonds - saves the county up to \$3 million. And the county's outstanding debt will be 28% lower in 2012 than in 2002.

Finally, while I appreciate the fact that many of the Supervisors are interested in our Milwaukee County Works plan, the best thing that can be done to protect and create jobs is to join me in supporting a budget with no levy increase.

Scott Walker
Milwaukee County Executive
