

# Examples of Lead-Removing Water Filters for Your Home

Using a filter system or a water filtering pitcher can reduce or get rid of lead that may be in your tap water. Be sure to look for products **certified by NSF under Standard 53 for lead** and follow all manufacturer's guidelines on the installation and care of the filter. Below are a few examples of NSF Standard 53 certified filter systems that can be found online or at home goods stores like Walmart, Target, and local hardware stores.
