FORGET SOMETHING?
A HOT CAR CAN BE DEADLY.

A parked car is no place for a child – even for a minute. Take them with you every time.

Help reduce the number of deaths from heatstroke by remembering to ACT.

Avoid heatstroke-related injury and death by never leaving your child alone in a car, not even for a minute.

Create reminders by putting something in the back of your car next to your child such as a briefcase, a purse, or a cell phone that is needed at your final destination.

Take action. If you see a child alone in a car, call 911.

SAFE KIDS WORLDWIDE

Take them with you. It's the law.
