

## **District Two Arrests Subjects Involved in School Burglaries**

District Two just wanted to pass along the great work done by our day shift officers involving recent burglaries. The Prince of Peace School had been burglarized three times within a one-month period in November 2012. P.O. Jeffrey Thiele, P.O. Tabatha Kurzynski, and P.O. Ronald Campos conducted relentless follow up in attempting to solve these three burglaries. They were able to identify the suspects involved in these offenses through the use of video surveillance, a media release, and additional information they were able to develop during their investigation. The three suspects were then arrested for all three burglaries due to the great follow up by these officers.
