

# Map Milwaukee

[CITY.MILWAUKEE.GOV/MAPMILWAUKEE](http://CITY.MILWAUKEE.GOV/MAPMILWAUKEE)

City of Milwaukee – Department of Administration, ITMD

December, 2013

## Scheduled Downtime

Map Milwaukee services and applications will be unavailable on **Friday, December 20, at 1 pm**, for approximately one hour, for routine maintenance.

## GIS Services

In addition to map applications, we also make the map services that feed our applications available to internet users. Check out the [Map Milwaukee Portal](#) for more details about the available services and how to access them with Esri ArcGIS. We currently offer map services and geocoding services.

## E-Notify

Receive this newsletter, along with other e-mail announcements about Map Milwaukee by signing up for the City of Milwaukee's E-Notify service.

1. Sign in or create an account:  
<http://itmdapps.milwaukee.gov/login/login/signin.jsp>
2. Once logged in, select "E-Notify" from the list on the left side of the Milwaukee.gov E-Services page.
3. Select the category(s) for which you would like to receive e-mails. **Map Milwaukee News** is listed under **Information Updates**.
4. Click "Update Notification" at the top or bottom of the page.

## New Application: Green Infrastructure Planning

In partnership with the [City of Milwaukee Office of Environmental Sustainability](#) and [The Fund for Lake Michigan](#), we have produced a new application to support [Green Infrastructure Planning](#). This application is designed to support City of Milwaukee staff as they plan new green infrastructure projects in support of MMSD's recently approved [Regional Green Infrastructure Plan](#).

Maps in the new application include data provided by MMSD that was used in the Regional Green Infrastructure Plan. Other maps include government-owned properties, planned paving projects, basement backup locations from major flood years, foreclosed properties, and FEMA floodplain boundaries.

Implementation of green infrastructure is an ongoing process. As this process moves forward, we will respond to changing needs with new maps and modifications.

The [Silverlight](#) plug-in is required for use of this application.

**Be sure to bookmark/favorite the [Map Milwaukee Portal](#) for quick access to all of our applications and keep current with new information.**

## New GIS Services

In support of the new Green Infrastructure Planning application, new map services have been created and made available to internet users. For details about available map services, **please consult [GIS service documentation](#) available on the [Map Milwaukee Portal](#).**

- **Paving Program** – Current year, plus 3 years, of paving projects planned by the City of Milwaukee Department of Public Works.
- **MMSD geography** – Reference geography used by MMSD in the Regional Green Infrastructure Plan.
- **MMSD GI plan** – Map analysis done for MMSD's Regional Green Infrastructure Plan, including impervious surfaces and constraints.
- **Basement Backups** – Locations of sewer backup service calls made to the City of Milwaukee call center for the years 2008, 2009, and 2010.
- **FEMA Floodplain Boundaries**
- **Foreclosed Properties** – Properties identified as foreclosed based on conveyance data.
- **Government Owned Properties** – Properties identified as government-owned based on their tax exempt status and classification.
