Safe & Sound, Inc. Surveillance Camera Program Guidelines

Applicant agrees to pay 50% of cost and expense to purchase, install, and maintain cameras.

The video camera system is to be installed as a matter of public safety. Its primary use will be for conducting law enforcement investigations and in deterring crime.

Applicant will pay any and all costs associated with the transmission of the camera feed to the MPD monitoring station, including any wireless, telephone or similar transmission costs.

Applicant agrees that the live feed will be monitored by MPD at such hours and with such staffing levels as the department shall determine appropriate.

If the applicant is terminated from participation or voluntarily withdraws, the applicant is responsible for the cost and expense of removal of monitor and cameras.

Applicant is responsible for notifying Cornerstone Security Group if there is a change in internet service provider.

All video recordings shall be stored and maintained for 10 business days after which time they will be recorded over or destroyed.

MPD recordings may be retained beyond 10 business days when the recording contains evidence of criminal activity.

The following types of property are not eligible for this grant Program:

Tax delinquent property

Property whose owner has any other tax delinquent property

Property in Litigation

Property in condemnation or receivership

Exclusively residential buildings
