INTRODUCTION

What Milwaukee can offer YOU

Located on the western shore of Lake Michigan, Milwaukee is an urban hub bursting with energy. Milwaukee provides a casual sophistication – big city appeal without the big-city hassles. We are accessible and affordable, and our residents are welcoming. Milwaukee has evolved through the years, bringing together its unsurpassed old world charm with a breathtaking Art Museum, top-flight arts and cultural attractions, professional sports, lakefront festivals, recreational opportunities and great restaurants.

The City of Milwaukee offers a collaborative, positive work environment where each employee contributes to making the city the best place possible to live and work. The City offers a comprehensive benefits package, including a top rated pension plan, health and dental benefits, paid time off including vacation, 11 holidays and sick leave accrual, and much more.

PURPOSE

The Environmental Hygienist provides technical support to the Childhood Lead Poisoning Prevention Program (CLPPP) through quality control and risk assessment/inspection activities, research, evaluation projects, court enforcement activities, and regulatory review.

ESSENTIAL FUNCTIONS

- Serve as the primary liaison of the Milwaukee Health Department, and the Childhood Lead Poisoning Prevention Program (CLPPP) to the Municipal Court system.

- Maintain a project caseload for the CLPPP program and assist inspectors with their caseload.
- Maintain equipment, supplies and administrative processes needed for lead risk assessment activities, including x-ray fluorescence analyzers, radiation dosimeters, high-efficiency particulate air (HEPA) vacuums and dust sampling kits.
- Conduct special research and evaluation projects as determined by the program need.
- Prepare technical reports and maintain statistical records on investigations and abatement activities.
- Monitor properties currently involved in the CLPPP program and clear properties once they have been deemed free of hazards.
- Monitor contractors to ensure work is being done in accordance with applicable laws and regulations.
- Conduct ongoing review and analysis of local, state and federal lead regulations.
- Maintain and update CLPPP risk assessment protocols.
- Respond to general nuisance lead complaints and work with the state to ensure the properties are being monitored.

Reasonable accommodations requested by qualified individuals with disabilities will be made in accordance with the Americans with Disabilities Act (ADA) of 1990, as amended by the Americans with Disabilities Act Amendments Act (ADAAA) of 2008.

MINIMUM REQUIREMENTS

1. Bachelor's degree in environmental health or related field from an accredited college or university.
2. One year of experience in environmental remediation, housing rehabilitation, lead or asbestos abatement or a related field.
