Environmental Review Project List for Award ID B-09-LN-WI-0036

CONTROL NUMBER: 2506-0187
 EXPIRATION DATE: 04/30/2011

Under each Award (Grant), a recipient will add at least one environmental review project for reporting purposes although multiple projects can be added to each Award.

NOTE: An environmental review project is defined as the subject of a single specific Environmental Review.

The Environmental Review Project List below contains Environmental Review Projects for the Award you selected. At least one environmental review project needs to be added to this Award for NEPA reporting purposes. Please start by adding a new Environmental Review Project using the "Add New Project" button or edit an existing Environmental Review Project by using the "Edit Project" button. To delete an existing environmental review project, please use the "Delete Project" button below. Deleting the Environmental Review Project will remove submitted Environmental Review Projects from HUD NEPA reporting.

Note: All ARRA funded activities must be included in an environmental review, even if the review results in a determination that the activity/project is exempt.

An environmental review project can be in two different states:

- Submitted Project » a fully completed environmental review project form that *has* been submitted to HUD for NEPA reporting
- Project in Progress » a partially completed environmental review project form that has yet to be completed and has *not* been submitted to HUD for NEPA reporting
