

# Sails and Tales.

The North Point Lighthouse Friends are proud to announce the fourth in a series of speaking events by authors and historians about maritime lore on the Great Lakes.

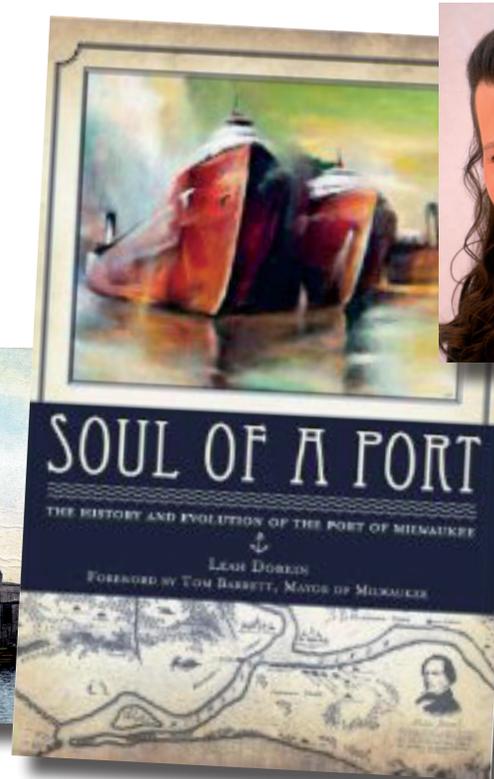

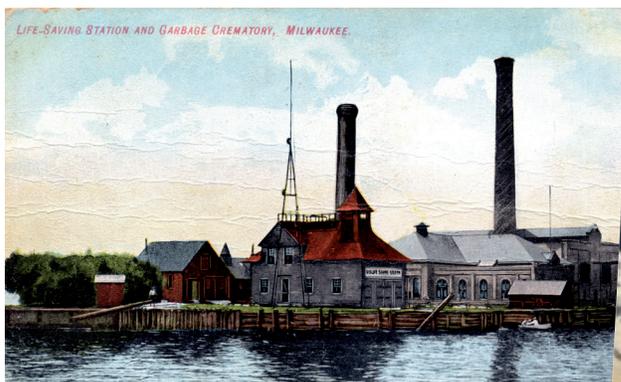

## Soul of a Port: The History and Evolution of the Port of Milwaukee by Leah Dobkin

Wednesday, January 16, 2013 7pm

North Point Lighthouse Museum

2650 N. Wahl Ave. Milwaukee, WI.

Tickets \$10. \$12 at the door.

Soul of a Port: The History and Evolution of the Port of Milwaukee takes an unconventional look at a Port through the eyes of the people who work there. It is a tapestry of characters, their stories, and observations about the inner workings of the port. Their stories are often funny sometimes tragic. Leah had unprecedented access to the Port to gain a deep understanding of the Port and its history. Leah will share her own stories of hitching a ride through the Great Lakes on a gigantic cargo ship and driving a sixty-foot crane at the port. The presentation will include a power point show of some historical and contemporary photos of the Port of Milwaukee.
