Public Passenger Vehicle Permit Required

A Public Passenger Vehicle Permit is required of every public passenger vehicle used for transportation of passengers for hire, including limousines, horse and surrey livery, pedicabs, taxicabs, shuttles, motorcycles used for tours, and human service vehicles operating on the streets of the city of Milwaukee.

LIMOUSINE means a category of for-hire, unmetered, unmarked, chauffeur-driven, ground transportation vehicles solely engaged in the business of carrying passengers on a pre-reserved or contract service basis only.

HORSE & SURREY LIVERY means a horse-drawn surrey for hire.

PEDICAB means a multiwheeled hooded or unhooded passenger vehicle that is moved by human power, or rickshaw-type vehicle pulled or propelled by any person which is used in the movement of passengers for hire on the public highways.

PEDICAB, COMMERCIAL QUADRICYCLE means a vehicle with fully operational pedals for propulsion entirely by human power, that has 4 wheels and is operated in a manner similar to a bicycle, that is equipped with at least 12 seats for passengers, that is designed to be occupied by a driver and passengers providing pedal power to the drive train of the vehicle, that is used for commercial purposes, and that is operated by the vehicle owner or an employee of the owner.

A recent ordinance allows for the possession and consumption of fermented malt beverages upon commercial quadricycles. A Pedicab Plan of Operation (ccl-ppvpedi) must be submitted and approved by the Licenses Committee and Common Council. See Milwaukee Code of Ordinances Chapter 100 for regulations and restrictions.

TAXICAB means a public passenger vehicle with 3 or more doors which operates without a fixed route or schedule and which is available for hire upon demand for service including by hail on the street, or upon telephonic or other electronic request.

- **METERED FARE VEHICLE** means a vehicle operated as a taxicab and equipped with a taximeter.
- **NETWORK VEHICLE** means a public passenger vehicle operated as a taxicab under contract service arranged through a network company. Network Company means a transportation company or business that uses an online, digital or electronic platform to connect passengers with network vehicles operated by public passenger vehicle drivers.

No new or renewal permit for taxicabs may be issued for motor vehicles of model years greater than 10 years old at the time of application and vehicles must provide passenger leg room of not less than 32 inches measured from the back of the seated passenger forward.

SHUTTLE means a privately owned vehicle which is solely engaged in the business of carrying passengers in either:

- **SHARED RIDE SERVICE** for hire on a fixed schedule to and from predetermined locations

- **GROUP TRAVEL SERVICE** for hire on a prereserved basis only, provided that the vehicle has a passenger-carrying capacity of 5 or more persons, excluding the driver.

MOTORCYCLE (USED FOR TOURS) means a vehicle as defined in s. 340.01(32) Wis. Stats, and is used on a for-hire or contractual basis.

Exemptions

No permits are required for vehicles licensed by the Wisconsin Department of Transportation as human service vehicles as described in Ch. Trans 301, Adm. Public Passenger Vehicle Driver License

A Public Passenger Vehicle Driver's license is required of every person driving a public passenger vehicle, as defined under s. 100-3-21, MCO, including any person driving a vehicle used for the transportation of elderly or handicapped persons, regardless of whether the vehicle is licensed or otherwise regulated by the state of Wisconsin as a human service vehicle for the transportation of elderly or handicapped persons. See s. 100-54-1-a, MCO.
