5-01. City Service; Offices Excepted. Officers of the city of Milwaukee who are elected by the people, or who by the statutes are required to be elected by the city council, inspectors and clerks of election, one deputy in each department whose office was created or exists by reason of statute, heads of any principal departments of the city, all members of the fire and police departments and all other employees of the fire and police departments, one private secretary of the mayor and any other officers, clerks or employees in the service of the city whose positions in the judgment of the city service commissioners cannot for the time being be subjected, with advantage to the public service, to the general rules prepared under the civil service law, shall not be affected as to their election, selection or appointment by such rules made by said commissioners.

(HISTORY: Section 5-01, am., Ch. Ord. 310, File #64-4089, April 6, 1965.)

5-02. Residency Requirements. 1. RESIDENCY REQUIRED. Every law enforcement, fire and emergency employee shall establish and maintain his or her actual residence within 15 miles of the jurisdictional boundaries of the city of Milwaukee. Any such employee who does not reside within the prescribed distance from the city shall be ineligible for employment by the city, and he or she shall be separated from service under this section and the applicable rules of the city service commission or the fire and police commission. These commissions shall be vested with the responsibility for the administration, interpretation and enforcement of

the residency requirement, including the designation of emergency personnel.

2. DEFINITION. The term "residence" employed in this section shall be construed to mean the actual living quarters which must be maintained by an employee specified in sub. 1. Neither where an employee votes nor the payment of taxes of any kind by itself by an employee shall be deemed adequate to satisfy the requirements of this section, nor shall the provisions of this section be satisfied by the maintaining of a rented room or rooms by an employee solely for the purpose of establishing residence within 15 miles of the jurisdictional boundaries of the city when it appears that his or her residence is outside of the prescribed distance from the city. Ownership of real property within the city, when not coupled with maintaining of actual living quarters within the prescribed distance from the city as herein required, shall be deemed insufficient to meet the requirements of this section. The city service commission or the fire and police commission is authorized to investigate complaints made to either commission with respect to the residence of employees of the city and may initiate any such investigation on its own motion. Whenever such investigation shall be made, the city service commission or the fire and police commission shall make a finding with respect to whether or not such an employee is or is not actually residing within the prescribed distance from the city in accordance with the requirements set forth herein and their accompanying rules. No consideration shall be given by the city service commission or the fire and police commission to the fact that such employee intends to maintain a residence within 15 miles of the jurisdictional boundaries of the city if the employee actually does not maintain such a residence as herein provided for.

3. DUAL RESIDENCE. In cases in which dual or multiple residences are rented, owned or maintained by an employee, it is not sufficient for the employee to claim that he or she meets the residency requirement because of rental, ownership or maintenance of a residence within the prescribed distance from the city if the employee's actual living quarters are not within 15 miles of the jurisdictional boundaries of the city. The city service commission or the fire and police commission shall make a final determination in dual or multiple residence cases

5-02-4 City Employees And Officers

as to which location constitutes an employee's actual living quarters, and it shall be the location which will be considered in establishing whether an employee complies with the intent of this section and appropriate rules relating to residency. Decisions involving dual or multiple residency shall be based upon the totality of circumstances present in each case. The decision of the city service commission or the fire and police commission shall be final in respect to whether or not such employee's residence satisfies the provisions and requirements of this section.

4. ACTION BY DEPARTMENT HEAD. Whenever a department head finds that an employee does not reside within the prescribed distance from the city, the department head shall immediately file a written complaint against that employee to effectuate the separation of that employee from the service.

5. EXTENSION. Whenever it shall appear to the city service commission or the fire and police commission that good cause exists for granting extensions of time to employees of the city to obtain residences within 15 miles of the jurisdictional boundaries of the city, or if it shall appear to the city service commission or the fire and police commission that a new or prospective employee of the city would require a reasonable period of time in order to establish a residence within the prescribed distance from the city so as to meet the requirements of this section, the city service commission or the fire and police commission may allow such employee a period of not to exceed 6 months in which to satisfy the requirements of this section.

6. HARDSHIP EXCEPTIONS.

a. Whenever it shall appear to the city service commission or the fire and police commission, considering standards enumerated in the commission's rules, that an employee should be granted temporary exception from the requirements of this section, the city service commission or the fire and police commission shall make a finding based upon the evidence presented.

b. If a city employee weds an employee of another jurisdiction which also has a residency requirement, mandating that its employee reside within 15 miles of that jurisdiction's boundaries, and if that employment is in effect at the time of the marriage, the city service commission or the fire and police commission may grant the city employee an exemption from the city's residency requirements, provided that the following conditions are and remain in effect:

b-1. That the other jurisdiction is willing to enter into an appropriate reciprocity agreement with the city service commission or fire and police commission concerning such transactions.

b-2. That the city employee actually resides with his or her spouse within 15 miles of the jurisdictional boundaries of the spouse's jurisdiction.

b-3. That both employing jurisdictions retain their respective residency policies.

b-4. That the response time required for the exempted employee to arrive at work in emergency situations be reasonable as determined by the commission.

b-5. That the residency requirements of the other jurisdiction would preclude the married couple from living within 15 miles of the jurisdictional boundaries of the city of Milwaukee.

7. COMPLIANCE. In construing and applying the provisions of this section, the provisions of any section inconsistent herewith shall be deemed amended so as to be in all respects consistent with the provisions of this section.

Provided further, that this section shall not apply to nor be construed to prohibit the employment of any such official or employee by any school board of such city for the purpose of supervision, teaching or other duties in any evening or night school, social center, summer school, or other extension activity, and that the payment to or receipt by any such person of any money for such service shall not be construed to be in conflict with this section.

5-09 City Employees And Officers

5-09. Interest in Contracts. No person interested, directly or indirectly as principal or surety, in any contract or agreement written or verbal, to which the said city shall be a party in interest, or to which any officer or board under this act (ch. 184, L. 1874 as amended) shall officially be a party, for the construction of any sewer, pavement or building, or the performance of any public work whatever, or involving the expenditure, receipt or disposition of money or property of the said city, or by any officer or board under this act, shall be eligible to any office or appointment in said city that will in any manner give him official cognizance or authority over the subject matter of such interest; and if any person thus interested shall be elected or appointed to office, his election or appointment shall be void, and such office shall be deemed vacant. *(Section 5-09 am. Ch. Ord. 323, File #62-2554-d, Oct. 21, 1966.)*

5-10. Pecuniary Interest in Public Service Contracts. No person shall be eligible to any city office who directly or indirectly has any pecuniary interest in any contract for furnishing heat, light, water, power, or other public service to or for such city, or who is a stockholder in any corporation which has any such contract. Any such office shall become vacant upon the acquiring of any such interest by the person holding such office. *(S. 961 Stats. 1919.)*

5-11. Conflicts of Interest. If any member of the common council, or other officer of the corporation, after his election or appointment, or while in office shall become or cause himself to become interested, directly or indirectly, in any contract or agreement, whether written or verbal, to which the corporation shall be a party in interest, or to which any officer or board under this act (ch. 184, L. 1874) shall officially be a party, or in any question, subject or proceeding pending before the common council or on which such officer may be called upon to act officially, with intent to gain, directly or indirectly, any benefit, profit, or pecuniary advantage, or if an attorney of any court of record shall, while a member of the common council, prosecute or be interested in the prosecution of any action against said city of Milwaukee, or any of its officers, he shall be removed from his office, and the same shall be declared vacant by the common council; and he shall be deemed guilty of felony, and on conviction thereof shall be punished by imprisonment in the state prison for not more than one year, or by fine of not more

than \$5,000 nor less than \$500, or by both such fine and imprisonment, in the discretion of the court; provided, however, that the provisions of this section shall not be considered as applying to purchases in open market, nor to the performance of any work for the city the cost of which shall not exceed the sum of \$200.

(HISTORY: Section 5-11 am., Ch. Ord. 323, File #62-2554-d, Oct. 21, 1966.)

5-12. False Certification of Work. If any member of the common council, or other officer or agent of the city government, or any person employed, appointed or confirmed by the common council or appointed by any department of the city government, shall knowingly certify that any work has been done for said city, or any contract with said city has been completed in compliance with the terms thereof when in fact such work had not been done, or said contract had not been completed, such member of the common council, officer or agent, shall be removed from office, and his office declared vacant, and no such officer, agent or employee, shall again be elected, appointed or employed by, or for the city of Milwaukee, to any office, place or position whatever. *(S. 45, Ch. 144, L. 1875.)*

5-13. Prohibited Practices. If any member of the common council, or other officer or agent of the city government, shall, directly or indirectly, accept or agree to accept or receive, any money, goods or chattels, or any bank note, bank bill, bond, promissory note, due bill, bill of exchange, draft, order or certificate, or any security for the payment of money or goods or chattels, or any deed of writing containing a conveyance of land or conveying or transferring an interest in real estate, or any valuable contract in force, or any other property or reward whatever, in consideration that such member of the common council, or other officer or agent, will vote affirmatively or negatively, or that he will not vote, or that he will use his interest and influence, on any question, ordinance, resolution, contract, or other matter or proceeding, pending before the common council, or on which such officer or agent may be called upon to decide or act in any particular manner, such member of the common council, officer, or agent, shall be removed from office and his office declared vacant by the common council; and both he and the person or persons offering or paying such consideration, directly or indirectly, shall be deemed guilty of felony, and, on conviction thereof, shall be punished by imprisonment in

the state prison for not more than three years nor less than one year, or by fine not exceeding five thousand dollars nor less than five hundred dollars, or by both such fine and imprisonment at the discretion of the court. (S. 6, Subch. 19, Ch. 184, L. 1874.)

5-50. Deferred Compensation Plan.

1. ESTABLISHED. There is established a deferred compensation plan for employees of the city. Such plan shall be an eligible deferred compensation plan under s. 457 of the Internal Revenue Code and shall be by specific written agreement between such employees and the city which shall provide for deferral of such amount of compensation from the employee's wages as requested by the employee. Payments to participating employees under the plan shall be made in accordance with agreements executed between the city and the employees.

2. ELIGIBILITY. Employees of the city who receive compensation in the form of wages and salaries shall be eligible for participation in the deferred compensation plan. In order to participate, employees must file a written election.

3. INVESTMENT OF FUNDS. All amounts of compensation deferred under the plan, all property and rights purchased with such amounts, and all income attributable to such amounts, property or rights shall be held in trust for the exclusive benefit of participants and beneficiaries as provided in s. 457 of the Internal Revenue Code. For purposes of this subsection, custodial accounts and contracts described in s. 457(g) of the Internal Revenue Code shall be treated as trusts. Such compensation, property, rights and income shall be invested at the discretion of the board in the manner authorized for deferred compensation funds under ss. 40.82(2) and 881.01, Wis. Stats. Such compensation, property, rights and income shall be held subject to the anti-alienation provisions contained in s. 62.63(4), Wis. Stats.

4. ADMINISTRATION. The common council may by ordinance establish a board to supervise the plan. The board shall serve as a fiduciary under s. 881.01, Wis. Stats., with respect to assets of the plan, provided however, the board shall not be deemed to have breached its fiduciary duties for permitting participants and

beneficiaries to exercise control over assets in their individual account; participants and beneficiaries shall not be deemed to be fiduciaries by reason of exercising control over the assets in their individual account; and no person who is otherwise a fiduciary shall be liable for loss, or by reason of any breach, which results from participants or beneficiaries exercising control over assets in their individual account. Participants or beneficiaries shall be deemed to exercise control over the assets in their account if the board offers them a range of investment alternatives sufficient to provide them with a reasonable opportunity to choose from at least 3 investment alternatives, each of which is diversified, each of which has materially different risk and return characteristics, which in the aggregate enable the participant or beneficiary choosing among them to achieve a portfolio with aggregate risk and return characteristics at any point within the range normally appropriate for the participant or beneficiary, and each of which when combined with investments in the other alternatives tends to minimize through diversification the overall risk of a participant's or beneficiary's portfolio. The board may promulgate such rules as may be necessary to supervise and direct such plan and to secure approval of the Internal Revenue Service so that amounts of compensation deferred by a participant will be includable in the income of the participant or his or her beneficiary only when such amounts are paid or otherwise made available. Proper city officers are authorized to execute on behalf of the city such agreements as are formulated by the board in the implementation of the plan. Deferred compensation held in the name of the city or the custodian for the exclusive benefit of the participants and beneficiaries in accordance with the plan shall be invested at the direction of the board in accordance with the requirements of law. The comptroller shall prescribe accounting procedures for the plan. Whenever the city shall so contract with other employers, the board shall jointly administer 2 or more separate deferred compensation plans.

5. COMPLIANCE. Common council resolution file No. 73-2160-a adopted Oct. 8, 1974, as amended by common council resolution file No. 73-2160-b adopted Dec. 23, 1974, and as further amended by common council resolution file No. 73-2160-c adopted July 29, 1975, the master agreement heretofore executed

5-50-5-City Employees And Officers

On behalf of the city on Dec. 16, 1975, joinder agreements heretofore executed between the city and participating employees and such other elements of the amended plan as have been finally approved by the Internal Revenue Service are approved, confirmed and ratified effective upon their respective dates as implementations of the deferred compensation plan authorized by this ordinance meeting the requirements established under this section.
