d. A site evaluation shall provide general guidance rather than guidance based on a food establishment's planned operation and shall not replace the need to submit and obtain approval for a food establishment operation or facilities plan.

5. VARIANCE. a. For processes identified in the Wisconsin Food Code as requiring a variance for situations where strict adherence to any public health-related provision of this chapter,

68-9 Food License Regulations

ch. 214, or any state regulations adopted in s. 68-3 is impractical for a particular food establishment, or at the commissioner's discretion, the commissioner may approve a variance for that food establishment if the commissioner is provided with satisfactory proof that the granting of the variance will not jeopardize public health, safety or welfare.

f. A variance shall be valid for 5 years from the date of issuance unless revoked for non-compliance. An operator wishing to extend a variance approval shall be required to submit a variance renewal request. Failure to file a request for variance renewal prior to expiration shall result in any subsequent application being considered a new application.

b. The department shall make as many additional reinspections as are necessary for the enforcement of this chapter.

4. COMPLAINT INVESTIGATION. The department shall investigate all complaints alleging violations of licensing, sanitation, foodborne illness or food handling. If the department identifies violations during a complaint investigation and orders are issued, the orders shall be subject to the same reinspection requirements and fee schedule as those identified during a routine inspection.

5. REINSTATEMENT INSPECTION.

a. Requirement. Whenever a food establishment is required by the department to cease or suspend any part of its food sales or processing, the establishment shall not resume food operations until an inspection determines that the conditions responsible for the requirement to cease or suspend food operations no longer exist.

b. Correction. Upon notification by the food establishment that the conditions responsible for the requirement to cease or suspend food operations have been corrected, the department shall, within two business days, perform an inspection to determine if the food establishment may resume operation.

The Wisconsin department of agriculture, trade and consumer protection, the city clerk's office and the police department shall be notified of any food establishment ordered to cease or suspend operation and when an order is lifted. Failure to submit a written request to hold posting of an inspection report or placard with a written appeal of an inspection report shall result in the report or placard being posted.

c. Appeal Hearing and Determination. An appeal shall be heard by the commissioner within 10 business days following receipt of a written appeal request. The inspection report or inspection placard shall be updated based on the outcome of the appeal and issued to the food establishment.
