

**Statement of Alderwoman Milele A. Coggs
February 13, 2009**

As Alderwoman my focus and energy has been solely devoted to representing and serving the constituents of the 6th Aldermanic District. This focus is something I established from day one of my campaign, and I do not intend to waver from it.

I strongly respect our judicial process and I have faith that it will bring a result that is fair and just.

But, in keeping with my focus, I leave questions about the former incumbent of this office to be answered and addressed by others.
