DEAR RESIDENT,

It’s my pleasure to provide you with this new, full-color, updated version of the Call for Action booklet. The booklet is arranged alphabetically by specific topics and problems, and it provides phone numbers and web addresses to help you reach the people who perform hundreds of services in city government.

The back pages also include county, state, and federal phone numbers, and additional numbers and web addresses of other frequently requested, non-government services and organizations.

The City of Milwaukee takes pride in its reputation of providing efficient, high quality, responsive, and cost-effective services to residents and businesses. The Call for Action booklet can quickly connect you to the services and information you need.

Call for Action is published by the Common Council. If you or someone you know would like copies, please call our office at 286-2221.

Fifteen elected members comprise the Common Council in Milwaukee. Each Council member is elected to a 4-year term and represents a district of about 40,185 residents. A Council member serves both as legislator and district administrator. As legislator, the alderman or alderwoman helps to shape city policy. As administrator, he or she is responsible to citizens in the district for the services they receive. Together, the Council members control the finances of one of the largest corporations in the state. They determine the course of city services, statutes, development and thus, its future.

DID YOU KNOW? The City of Milwaukee is divided into 15 aldermanic districts. The boundaries are determined by population, with each Council member representing approximately 40,185 constituents (U.S. Census bureau estimate, 2006). The district boundaries are usually redefined every 10 years to coincide with the U.S. Census.
The Common Council decided to build a new city hall in 1889; before that, city government had been scattered around in rented rooms and some of the buildings had been destroyed by fire. Construction was authorized by a Common Council resolution in 1890 and on August 29, 1891, a resolution was passed calling for a City Hall design contest. The contest drew eleven applicants on a nation-wide basis with a wide variety of concepts and ideas. The plans of Henry C. Koch and Company were chosen. The building—which cost just over $1 million to construct—was completed in 1895.

The Flemish Renaissance inspired building required eight million bricks, weighs approximately 41,000 tons, has more than 47,000 sq. feet of mosaic and marble flooring, and features approximately 107,000 sq. feet of office and meeting space. The building was one of the first to feature an extensive open atrium, of 20 by 70 feet, rising eight stories in the building’s center. During the Great Depression, seven people jumped to their deaths, and an eighth died of a stroke after one of the jumpers just missed him. Afterwards, in 1935, protective wiring was placed around the center rails of the floors to prevent accidents and suicides and remained in place until Mayor John O. Norquist took office in 1988. The building measures 393 feet from the base of the bell tower to the top of the flagpole, making it Milwaukee’s sixth largest. The flagpole measures 40 feet in length.

The 22,500 pound bell—named “Solomon Juneau” after Milwaukee’s first mayor—was fabricated from melted copper and tin from old church and firehouse bells around the city, and was hoisted to the tower in 1896, first chiming on New Year’s Eve. City Hall’s 18-foot clock was believed to be the world’s third largest when it was fabricated.

In 2005, City Hall was designated a National Historic Landmark. Shortly thereafter, an extensive 3-year restoration of the exterior of the building began. External renovations included upgrading 1,900 windows, repairing sandstone, replacing hundreds of thousands of deteriorating bricks and replacing the copper roofing on the building’s two spires. Also, near identical replications of terra cotta sculptures on the building were created to replace those that had deteriorated. All restorations were completed in December of 2008 and a Restoration Celebration showcased the historic building with a series of events open to the public.

DID YOU KNOW? Milwaukee has a population of 594,833, and an area covering nearly 96 square miles. It’s the 28th largest city in the country. The four-county metropolitan area (Milwaukee, Ozaukee, Washington and Waukesha counties) has a population of 1.6 million.
The City of Milwaukee celebrated the 20th anniversary of the Milwaukee RiverWalk in 2009. The RiverWalk has helped spur economic development by bringing a renewed focus on the river as a destination for residents, employees, and visitors alike, and by linking many of the city’s major entertainment and recreational sites, creative public art, retail stores and fine dining establishments.

PARKING INFORMATION www.parkmilwaukee.com

The Intermodal Station (433 W. St. Paul Ave.) is the downtown train and bus station served by Amtrak and several intercity motorcoach operators, including Coach USA, Greyhound Lines, Jefferson Lines, Indian Trails, and Lamers. Mega-bus stops on 5th St. near the station. Milwaukee County Transit System (MCTS) bus route #57 serves the station directly and several other local bus routes operate on nearby streets. The city’s other Amtrak station, Milwaukee Airport Railroad Station is near the western edge of Mitchell International Airport.
WINTER PARKING REGULATIONS
The city’s strictly enforced winter parking regulations are in effect from December 1 to March 1.

The most important thing motorists can do to avoid problems is to carefully read the parking signs on their block. It is the responsibility of anyone parking a vehicle to read and understand posted city parking regulations. If you need parking information, please call the city’s parking enforcement desk at 286-8350, or go to www.milwaukee.gov/parkingregulations for details.

The single biggest problem during major snowstorms is parked and abandoned cars. The plows try to get as close to the curb as they can but those “snowbirds” get in the way and prevent them from completing the job. The city asks that you move your vehicles so plows can clear the streets curb to curb.

SIGN UP FOR SNOW EMERGENCY ALERTS
The City of Milwaukee offers a text message system to residents and businesses looking to be informed when the city declares a snow emergency or when the 4-inch rule is in effect. It’s called the Snow Mobile – Winter Text Alert.

The message will state the date and time the emergency is in effect and also when it is lifted. The primary purpose of declaring a snow emergency is to make sure the streets are cleared to keep the city open for business.

Sign up for alerts on the city’s website at www.city.milwaukee.gov and click on “Get Notices by Text Message” in the left hand column of the web page.

SHOVEL YOUR SIDEWALK—IT’S THE LAW
Remember that residential and commercial property owners and occupants are required to clear sidewalks abutting their property of snow or ice within 24 hours after a storm. If violations are reported, a 24-hour notice is issued. If the sidewalks still are not cleared, a sanitation crew will clear a path and put the charge on the property tax bill.

Note: the city does not plow alleys.

If you have older or disabled neighbors who need help with shoveling snow, please help them when you can.

Make our city safer by shoveling out the fire hydrants near your home. “Adopting” a fire hydrant will ensure maximum visibility for firefighters in the event of an emergency. To report an unshoveled sidewalk, please call 286-2489.
