### ***Ald. Donovan says alley condition shows administration's true colors***

Alderman Bob Donovan said the included photos show the condition of the alley in the block bounded by S. 30<sup>th</sup> and S. 31<sup>st</sup> Streets, from W. National Ave. to W. Pierce St. "The surface of the moon has fewer craters and holes than this alley does," Alderman Donovan said.

The alderman came upon the alley during an 8<sup>th</sup> District neighborhood walk earlier today. He said the sad shape of the alley signifies the "messed up priorities" of the Barrett Administration. "People are working hard in the neighborhood to maintain their properties, but the city is just letting the streets and alleys crumble," he said.

"We can afford to pay for a downtown streetcar but we can't afford to keep up the alleys and streets our citizens use every day. That is truly sad, in my opinion," he said.

**The alderman is available to discuss the alley condition. Please call him at 414-708-9417.**
