MEDIA ADVISORY

Residents encouraged to attend WIS 175 Visioning Study Meeting

Alderman Russell W. Stamper, II invites residents to attend the **WIS 175 Visioning Study Public Meeting** on **Tuesday, November 29** from **6:00 to 7:30 p.m.** at **Milwaukee French Immersion School, 2360 N. 52nd St.** This meeting will allow residents to learn more about a study conducted by the City of Milwaukee and the Wisconsin Department of Transportation that explores different possibilities for the **intersection where the Stadium Freeway (WIS 175) terminates at Lisbon Ave.** Residents will be able to learn more about the study and provide input to create a vision that meets the needs of the community.

“I look forward to hearing feedback from members of the community on how this project can best serve their needs,” Alderman Stamper said. “This study and meeting are meant to spur discussion on how this intersection might function more smoothly for motorists, pedestrians and all residents.”

The goal of the study is to develop design concepts that will improve connections between neighborhoods, improve safety for vehicles and pedestrians, maintain traffic flow and support commercial revitalization along North Ave. and Lisbon Ave. To learn more and take a survey on preliminary intersection designs, please visit www.city.milwaukee.gov/WIS175-Vision. For questions, please contact Monica Wauck at mwauck@milwaukee.gov.
