MARINA'S MESSAGE

14th DISTRICT | MONTHLY NEWSLETTER | Sept. 2026

“Fall is here, and this time of year at City Hall means one thing - budget season. As Chair of the Common Council's Finance and Personnel Committee, as we spend time reviewing and amending the Mayor's proposed budget, I will work to ensure that the 2027 budget we pass is reflective of the interests and priorities of the people. We have two opportunities for community members to provide their input that you can find more information about in this month's e-newsletter. You can read about budget updates, and other items that we have been up to in the last month. As always, I look forward to seeing you out in the district!”

Bay View Bash Wrap Up

We had a wonderful day at this year's Bay View Bash! Thank you to the many neighbors who asked us questions, and to Mark and Dan from the Department of Public Works for talking street repairs and streetlights!

Shout out to our city DPW workers who love showing off the big trucks as much as we all love checking them out. I truly enjoy just listening to what is on residents' minds and using that to shape my work at City Hall.

Voces Recognizes Common Council

The Common Council was recognized for its work on ICE Out Milwaukee, a legislative package designed to protect public safety, ensure transparency and accountability, uphold constitutional rights, and strengthen Milwaukee's long-term population during the Voces de la Frontera Annual Community Gala. The Ice Our Milwaukee legislative package included numerous files that modified Milwaukee Police Department Standard Operating Procedures and enhanced regulations regarding law enforcement identification, among other items.

The Bridge Project to Launch Second Cohort

The Bridge Project provides mothers and their babies with regular, unrestricted cash assistance. By investing directly and flexibly in early childhood, the program aims to break the cycle of stress and poverty passed down through generations and improve families' socioeconomic mobility. Milwaukee is the first location beyond New York State to introduce The Bridge Project to its residents. Following the program's promise to mothers and their babies, I worked to allocate \$350,000 in Oct. 2024 to expand the program's reach, and another \$300,000 this year to support the second cohort. This is a strong example of public-private partnership in action that can serve as a force multiplier to help families in need. Visit <https://www.bridgeproject.org/> to learn more.
