

# Building Bright Futures, Together!

**Forward Scholars is calling on volunteers to support K–3rd grade students as they build the reading skills that shape their future. Just 1–2 hours a week during the school day can make a life-changing impact.**

No teaching experience? No problem. We provide training, materials, and full support—you bring the commitment.

**Sign up today:**  
2025–2026
