Early voting turnout in Midtown meets Alderman Johnson's challenge

Alderman Cavalier Johnson is thrilled to announce that Midtown has beaten out all other early voting sites in the City of Milwaukee! As of Monday, November 5, 2018, Midtown reached 12,920 votes of the 36,659 total early votes cast in Milwaukee. The number of early votes cast in the City of Milwaukee for the 2018 midterm election is more than double the total number of 15,300 early votes cast in the 2014 midterm elections.

“I am **excited to see such high levels of early voter participation** present not only in Midtown but the entire City of Milwaukee. Voting is an essential part of our great democracy and these outstanding early voting results suggest a great turnout for Election Day on November 6. I congratulate Midtown for surpassing my expectations for the early voting challenge and would like **to remind everyone in Milwaukee to cast their votes on Tuesday, November 6 and let their voice be heard,**” Alderman Johnson said.
