**TONY ZIELINSKI**  
ALDERMAN, 14TH DISTRICT

# **Gubernatorial candidates should share their plans for Milwaukee**

## **Statement of Alderman Tony Zielinski October 24, 2018**

With just days until the November 6 fall general election, we are seeing daily news reports of appearances by Governor Walker and his challenger, Tony Evers. We hear them talking about an array of issues affecting Wisconsinites, but the upcoming election especially holds heavy consequences here in Milwaukee.

I am calling on both Governor Walker and Tony Evers to publicly share their specific plan to help the City of Milwaukee address the ongoing and devastating lead crisis. On behalf of the citizens of Milwaukee, I specifically want to know how they plan to help protect the tens of thousands of Milwaukee children who daily live in danger of lead threats that can cause irreversible damage, with impacts affecting the very future of our city.

I look forward to hearing how each candidate – if elected or re-elected – in detail plans on addressing this highest priority health and safety issue in Milwaukee.
