## Community Block Grant Funding input needed at public hearings

*First meeting takes place TONIGHT*

**Alderman Russell W. Stamper, II**, chair of the Community and Economic Development Committee, is asking Milwaukee residents and representatives of community organizations and non-profits to attend **public hearings** to prioritize funding proposals for Community Development Block Grant (CDBG) funds.

“My fellow Council members and I use this resource to address needs in our community,” said Alderman Stamper. “That’s why the public’s input is so vital in determining which program areas need the most attention.”

Below are the dates, times and locations of the hearings.

**Monday, July 16, 2018**

Milwaukee Asian Market (Conference Center)  
6300 N. 76th St.  
6 p.m. – 8 p.m.

**Tuesday, July 17, 2018**

Mitchell Street Library  
906 Historic Mitchell St.  
6 p.m. – 8 p.m.

At a later date, based on community input the Community and Economic Development Committee will develop a CDBG funding allocation plan with approval to be determined by the Common Council.
