MEDIA ADVISORY

Attend the #New9thMKE Community Expo and Job Fair

There will be recruiting for open positions at the Department of Public Works -- including the Milwaukee Water Works -- with Alderwoman Chantia Lewis at her #New9thMKE Community Expo and Job Fair TOMORROW – Thursday, September 26.

The event will feature 50 employers from various sectors and levels of employment, and several employment service agencies have also registered to be on site. A tour of #New9thMKE and a tasting from some #New9thMKE are also included as part of the day's event.

Alderwoman Lewis said tomorrow's job fair offers prime opportunities for those seeking employment and for those looking to explore new options. "The #New9thMKE Community Expo and Job Fair is a great opportunity for Milwaukee residents to talk with employers who are looking to hire, and to see what openings are available in the #New9thMKE and with the City of Milwaukee," she said.

"I'm looking forward to seeing you there!" the alderwoman said.
