CHANTIA LEWIS
ALDERWOMAN, 9TH DISTRICT

9th Aldermanic District takes step toward new development

Statement from Alderwoman Chantia Lewis April 15, 2020

Yesterday's meeting of the Common Council (Tuesday, April 14) included an approval for a zoning change at 10401 West Bradley Road in the 9th Aldermanic District. This zoning change will allow for two, single-story assisted living buildings to be constructed in the district.

This change in zoning approval is a win for the New 9th and serves as another step forward in the expansion and growth of the district. Since I took office my goal has been to attract new businesses and development opportunities to the city's Northwest side, which often seemed to be a forgotten area in the city. In just a few short years the 9th District has seen a revival featuring new restaurants, job creation, and a new library that will be opening soon.

The forthcoming assisted living facilities will be of great value to residents of the community, and serve as another example that the New 9th is adapting to meet the needs of the residents. We continue to move forward, and more growth is on the horizon.
