- Milwaukee Board of Harbor Commissioners

Alderman Mark Borkowski voices his continuing support of Chief Alfonso Morales

Statement of Alderman Mark A. Borkowski July 20, 2020

I am absolutely dismayed with this seeming “runaway train” effort to remove Chief Morales.

I recognize that there have been some mistakes, but the Chief Morales tenure has been very good as a whole. It is a very difficult job, one might say impossible, but the effort and expertise that Chief Morales has provided has helped guide our community through some very difficult times, including the sudden and tragic deaths of officers.

We all have made errors, but will this possible removal of the Chief be in the best interests of our City? Where do we go from here?

I sure hope I am wrong.
