Help Milwaukee Police catch hit-and-run suspect in fatal incident

**Statement of Alderman Cavalier Johnson
March 8, 2021**

Milwaukee Police need the public's help to catch a hit-and-run driver who struck and killed a man crossing a northwest side street yesterday (Sunday, March 7).

The hit-and-run crash happened at 5:50 p.m. Sunday in the 6900 block of W. Silver Spring Dr. A 64-year-old man was struck by a vehicle as he crossed the street, and he died at the scene. The driver fled from the scene.

My prayers are with the man's family and friends in the wake of this horrific incident. I also pray for justice for them, and I ask the community to come together to help them achieve it.

Anyone with any information is asked to contact Milwaukee Police immediately at **(414) 935-7360** or **Crime Stoppers** at **(414) 224-TIPS** or **P3 Tips App**.
