# Trains manufactured in Milwaukee find new home in Lagos State, Nigeria

## **Statement of Alderman Khalif J. Rainey January 20, 2022**

I want to extend my gratitude and appreciation to Lagos State Governor Babajide Sanwo-Olu for his visit to the Century City Talgo facility earlier this week. It was announced that the passenger train cars built right here in Milwaukee will become part of the Red Line - West Africa's first operational metro system.

The Red Line in Lagos State will surely be a transformational project for the area, and I am hopeful that Milwaukee, and the workforce at Century City, can continue to play a part in such impactful projects both domestically and abroad.

In his remarks Governor Babajide Sanwo-Olu said he hopes this deal is the, “beginning of a mutually beneficial business relationship.” I couldn’t agree more, and welcome him back to Milwaukee and Century City at any time.
