## **Girls' Day 2023/ADD ONE**

The alderwomen of the Common Council are encouraging young women across Milwaukee to participate in this year's event in hopes of inspiring the next generation of young leaders.

“We believe that positive influencing and leadership take form at an early age, and are especially melded when young women are in their middle and high school years,” the Alderwomen said. “We must continue to make sure young women know how rewarding and fulfilling a career in public service can be, and why it is important for women to be represented in this space. Girls' Day is a fantastic opportunity to observe and learn about public service. Those interested in attending should register today.”
