Project Clean and Green comes to the 1st District beginning this week

Alderwoman **Andrea M. Pratt** wants to remind residents that the annual program providing free bulky item collection for Milwaukee residents is returning to the 1st District starting **TODAY - Monday, May 5**. The City of Milwaukee Department of Public Works initiative **Project Clean & Green** will occur from **May 5-16. By 7 a.m. of your regular garbage collection day**, items that you wish to be collected should be placed at your regular garbage collection point. In most cases, everything will be picked up on garbage collection day, but please allow through the following business day for all items to be collected.

Areas of the 1st District south of W. Silver Spring Dr. will occur **May 5-9**, while areas within the District north of W. Silver Spring Dr. will occur **May 12-16**. For more details on the Project Clean Green Zones please view the attached [map](#).

“The annual Clean and Green initiative is a great way to come together as a community to keep our neighborhoods clean. I encourage all residents of the 1st District to take advantage of this free service,” Alderwoman Pratt said.

Collection crews will collect up to six cubic yards per property of unwanted furniture, mattresses, or household items; they will also collect garden debris that is placed in paper yard waste bags. Please note that Project Clean and Green will not collect appliances, tires, televisions, and other electronics such as computers, printers, and tablets. Hazardous waste such as construction debris, paint, and motor oil will also not be collected. Please make use of Department of Public Works Drop Off Centers to safely dispose of those materials. Residents can call 414-286-CITY or visit <https://milwaukee.gov/cleanandgreen> to learn more.
