# 1. Introduction

---

## Purpose

The City of Milwaukee Department of Public Works (DPW) is initiating a Dockless Scooter Pilot Study (pilot) to observe, solicit feedback on, and evaluate the effectiveness of dockless scooters in Milwaukee.

Dockless scooters, as defined herein, means a system of self-service scooters made available for shared use to individuals on a short term basis, which may be rented via a smart-phone app, vendor website, vendor customer service number, or a pre-paid PIN and which do not require structures at permanent, fixed locations where rides must begin and end.

Dockless scooters may provide many benefits to residents and visitors of Milwaukee. They have the potential to help the City improve outcomes related to equity, congestion mitigation, health, and access to opportunity. The City also realizes the potential for disruption to pedestrian ways and other public rights of way.

## Goals

### 1. Increase transportation options

Dockless scooters have the potential to reduce reliance on motor vehicles and ride sharing services for short trips, decreasing congestion and air quality impacts.

### 2. Expand access to transit

Dockless scooters may provide links to public transit, assisting with connectivity and solving the first-mile/last-mile problem.

### 3. Evaluate impacts on access to the public right of way

Participants must show a commitment to keeping pedestrian ways, streets, and other public rights of way unobstructed by dockless scooters for other street users. Most importantly, dockless scooters must be parked and maintained in a manner that provides a clear path for people walking and maintains access to businesses, residential units, and other buildings.

# 2. Terms

---

## 2.1. Agreement

These Terms and Conditions are made in conjunction with each Participant's Application and Plan of Operation. Together, these documents record our agreement in relation to use of the Public Right of Way in Milwaukee.

## 2.2. Priority

If there is any inconsistency between these Terms and Conditions and/or any other agreements, the Terms and Conditions shall prevail.

## 2.3. Pilot Subject to Change

**A.** The terms and conditions of the Dockless Scooter Pilot Study (pilot) are subject to change, without limitation, by the Commissioner of Public Works. These changes may include, but are not limited to: changes in the minimum or maximum number of dockless scooters allowed in the City, changes to the number of participants allowed in the pilot, changes to the service zone geographies,

changes to the minimum or maximum number of dockless scooters deployed in each service zone, or changes to the parking requirements.

**B.** Participants will be notified by certified and electronic mail of any changes to the pilot. Participants unwilling or unable to comply with proposed changes may voluntarily suspend or terminate participation in the pilot.

**C.** Participants terminating participation in this pilot must immediately cease offering their equipment for rent and remove their equipment from the City of Milwaukee's streets.

**D.** Should a participant temporarily suspend their participation to perform mechanical changes to their equipment or their rental application, equipment may be left on the street if the changes take less than 24 hours. Otherwise, all equipment must be removed from the street until the changes are complete.

#### 2.4. Application

**A.** Completed applications may be submitted by mail or in person.

**B.** Payment must be made at time of application.

**C.** The application submittal must include four paper copies of all application materials (1 original and 3 copies).

**D.** Checks should be made payable to the City of Milwaukee, ATTN: Dawn Crowbridge.

**E.** Completed applications may be sent to:
