

**Notice of Finding of No Significant Impact on the Environment and Notice of Intent to Request
Release of Funds for the Community Wellness Center at Westlawn Project,
Milwaukee, Wisconsin**

These Notices shall satisfy two separate but related procedural requirements for activities to be undertaken by the City of Milwaukee.

Request for Release of Funds (RROF): On or about February 20, 2026, the City of Milwaukee will submit a request to the U.S. Department of Housing and Urban Development (HUD) to release FY2022 CFP funding - \$203,696.72 and FY2023 CPF funding - \$750,000.00 awarded to the Housing Authority of the City of Milwaukee.

Purpose: The project will fulfill a vision developed with neighborhood residents for an outdoor community health and wellness space that provides opportunities for people of all abilities and ages to gather and enjoy physical and social-emotional health benefits. The park and play area are a final stage of a once-in-a-generation redevelopment of distressed public housing into a mixed-income, mixed-use neighborhood to meet current and future neighborhood needs. Located in the center of over 228 family townhomes and serving a neighborhood of nearly 800 households, the outdoor community wellness center will provide a place for healthy play and social connection to build collective community health.

Determination: It has been determined that such request for release of funds for this project will not constitute actions significantly affecting the quality of the natural or human environment, and that this is a finding of No Significant Impact (FONSI). Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record.

Environmental Review Record: An environmental review has been made by the City of Milwaukee. The Environmental Review Record (ERR) is on file at the address listed below and is available for public examination and copying upon request, between the hours of 8:00am and 4:45pm. All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the City to:

Provide a 72 hour advance notice to ensure accommodation of request.

Such written comments should be received at the above address on or before February 19, 2026. All such comments so received will be considered, and the City of Milwaukee will not request the release of

Federal funds or take any administrative action on these projects prior to the date specified in the preceding sentence.

Public Comment: Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to the City of Milwaukee Department of City Development (see above for contact information). All comments received by February 19, 2026 will be considered by the City of Milwaukee prior to submission of a request for release of funds. Comments should specify which Notice they are addressing. Following the RROF, HUD will be accepting comments for 15 days following receipt of the RROF.

Release of Funds: The City of Milwaukee certifies to HUD that Mario Higgins in his capacity as Director, CDGA, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's acceptance of the certification satisfies its responsibility under NEPA and allows City of Milwaukee to use Program funds.

Objections to Release of Funds: HUD will accept objections to its release of funds and the City of Milwaukee certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if it is on one of the following bases: (a) the certification was not executed by the Certifying Officer of the City of Milwaukee; (b) the City of Milwaukee has omitted a step or failed to make a decision for finding required by HUD regulations at 24 CFR Part 58; (c) the grant recipient has incurred costs not authorized by 24 CFR Part 58 before approval of release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted via email in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to the HUD Milwaukee Field Office at MKE-ENV@hud.gov. Potential objectors should contact the HUD Milwaukee Field Office via email to verify the actual last day of the objection period.

Mario Higgins, Director, CDGA
