List Calendar

Easy as 1,2,3

Building a calendar is a multi-part process:

1. ITMD creates your Data Node under the City Events section of the Navigation Tree.*
2. You will add your events to your Data Node using the instructions following this slide.
3. ITMD adds a Data List Block to your page to display the events on a Slider or List Calendar.*

* [Use Service Desk Plus to request a Data Node and a Data List.](#)

Add a New Event

City Events Calendar

Event Management

Data Nodes

Data Nodes are where you create events and input details (date, time, location, etc.) that need to appear on our website calendars.

The screenshot displays the TITAN CMS interface for editing an event. The top navigation bar includes buttons for 'Create', 'Publish', 'Preview', 'Results', 'Content', 'Properties', and 'More'. The breadcrumb trail indicates the current location: 'City Events > Titan Training > Titan 7.5 Overview'. The left sidebar lists various system components, with 'Titan Training' selected at the bottom. The main form area contains fields for 'UID', 'Event Name', and 'Event Subtitle'. The 'Event Name' field is highlighted with a green box and a green arrow labeled '1', indicating the first step in the process.

6 OPTIONAL: Contact Information

The screenshot shows the Titan CMS interface for editing event details. A green arrow points from the '6' in the list to the 'Contact Information' tab, which is highlighted with a green box. The tab is labeled '? Contact Information'. Below the tab is a rich text editor with a toolbar containing icons for source, code, DIV, table, link, unlink, find, undo, redo, bold, italic, underline, strikethrough, subscript, superscript, bulleted list, numbered list, indent, outdent, quote, link, unlink, image, video, settings, table, table of contents, smiley, and omega. The text area of the editor contains 'Contact: [Hakimah Terry](#)'. Below the editor are three text input fields: 'Third Party Snippet', 'Page URL Override', and 'Contact Name'. The 'Contact Name' field is followed by the text 'DO NOT USE!'. Below that is another text input field labeled 'Contact Email', also followed by the text 'DO NOT USE!'.

NOTE: Use links when adding an email address and phone number.

The screenshot shows the 'Link Editor' dialog box. It has a title bar with 'Cancel' and 'Done' buttons. Inside, there are five main categories: Content, External, Recent, Email, and Telephone. The 'Email' category is highlighted. Below these, there is an 'Anchor' option. Further down, the 'Link Destination Path' field is empty, and the 'Size' dropdown is set to 'Normal'. A 'Browse' button is next to the path field. At the bottom, the 'New Window' section has an unchecked checkbox for 'Open in new window'.

Event Details – Save or Publish

The screenshot displays the TITAN CMS interface for editing an event. The top navigation bar includes buttons for 'Create', 'Publish', 'Preview', 'Results', 'Content', 'Properties', and 'More'. The 'Publish' button is highlighted with a green callout box that says 'Save or Publish the event'. A dropdown menu is open from the 'Publish' button, showing options: 'Publish...', 'Save', 'No Workflow Save...', and 'Decline'. The 'Save' option is also highlighted with a green callout box. The left sidebar shows a navigation menu with 'Dashboard', 'City 2020', 'CITY TEST', 'City Forms', and 'File Library'. The main content area shows the 'Event Name' field with the value 'Titan 7.5 Overview'.
