Project description:

TID #93 involves the acquisition of a 1.75 acre site at 704 West National Avenue, the demolition of all but one of a number of existing warehouse buildings and the construction of new building containing 60 one, two and three bedroom apartment units. Of the 60 total units in the project, 51 units will be affordable to families earning under 80% of Area Median Income and 9 units will be market rate.

The Project is located within the Walker’s Point neighborhood. The project is consistent with the goals of the Walker’s Point Strategic Action Plan (2015). This plan includes creating a diversity of housing options for the community including affordable housing alternatives, redeveloping low density and underutilized spaces and repurposing functionally obsolete manufacturing and warehousing buildings.

The City provided a developer financed TID in the amount of \$575,000 to assist in funding total project costs of \$12.6 million. The project began construction in late 2017 and was completed in 2018.
