Project description

The Posner Building is a 7-story building at the highly visible northwest corner of West Wisconsin Avenue and North Plankinton Avenue in downtown Milwaukee. The historic and iconic building, constructed in 1908 and 1914, was originally an office building with first floor retail space. At the time of the creation of the district, the building had one retail tenant, Mo’s Irish Pub. The upper floors of the Posner had been vacant since at least 2005 and the remaining retail space vacant since 2009.

HKS Holdings, LLC redeveloped the Posner Building into 105 apartments, restoring the historical features of the façade and renovating the vacant first floor retail space (approximately 11,500 SF of the total 20,000 SF) for new retail tenants. The total project cost is \$23.5 million.

The district provided a \$2.5 million developer-financed grant to the project to offset extraordinary costs associated with rehabilitating the façade of the building to historic standards, improving the storefront facades and white-boxing the first floor retail space.

Work on the project started in the fall of 2014 and was completed in the fall of 2015.
